

Farms View Bakery

Remember the moments of baking with Grandma in her kitchen and the smells of fresh baked pies and goodies coming from the oven! Reminisce on the times spent measuring, mixing, and making memories. For years, the thoughts of a bakery were in the works. With much brainstorming and hard work in July of 2018, all the thoughts became reality! Farms View took the leap and put in a bakery! Now in just a couple years time, we have gone from the small choice of donuts and pies to an expanded menu of pies, donuts, cookies, breads, and beyond! With our fresh baked pies and products, baked on site and fresh daily, let us take you back to the good old days!
